

# Learning is the Key to Success!!!!

---

Fellow Groomers,

Thank you for considering coming to this excellent learning opportunity. I wanted to convey how imperative it is that we get the numbers of groomers participating in this event for it to happen. My employees and I have been to Vegas, Toronto, Edmonton, Winnipeg and Victoria attending seminars and competitions. As a shop owner this experience has been very beneficial to me and my staff as a tool to promote teamwork within the business, growth and professionalism in the industry of grooming itself. I feel this is a very important part of our businesses bringing pride quality and a standard for Saskatchewan groomers.

When we were at these seminars we realized Saskatchewan does not have the same progressive opportunities that the other provinces do. We want to change this, there is so much to learn and we deserve the same opportunities. Wahl and Tyebushe have offered to bring great sales and the opportunity to try equipment: grooming tables, scissors, this is also something we don't get an opportunity to do in this province. Barb and Jackie have been all over the world competing and teaching seminars, they have ridiculous talent and are great teachers of the trade. We plan to have hands on learning for pet grooming businesses!

You can use this as tax write off for your company. You might be thinking how can I afford to do this, my question to you is how can you afford not to do this? Keeping all of this in mind please get back to us A.S.A.P. If we do not get the numbers we have to cancel the event ,in order to get the deals with the suppliers we need people to come. Early Bird deadline Jan 15 2013 after that regular prices apply. We need all interested parties to apply by March 1 2013.
